SKILL SUMMARY

Data Structures

OCaml

Python

ARM Assembly

Linux

C

Scala

Java

JavaScript

DAEYOUNG J. JEONG

EDUCATION

SUNY University at Buffalo

B.S. in Computer Science | Aug 2018 - May 2022

- GPA: 3.71
- Concentration in Software and STEM Communications
- Interest in Data Science, Finance

PROJECTS

OCaml Language Interpreter

Feb 2021 - present

- interpreter for a small, OCaml-like, stack based, bytecode language that allows a user to process an input through a .txt file
- Utilized functional language data structures of types and recursive mapping functions
- Functionality of the interpreter includes:
 - arithmetic/logical operations, string concatenation, variable creation, variable binding, scopes, and functions

Game: Flow Free

Mar 2021 - Apr 2021

- Wrote an ARM Assembly language program that implements the game Flow Free through keyboard inputs
- Implemented subroutines, timers, interrupts, modified library files, and ANSI escape sequences
- Learned how to utilize a Tiva C Series digital signal controller

WORK EXPERIENCE

Resident Advisor

University at Buffalo | Aug 2020 - present

- Assist in the selection, evaluation and training of incoming RAs
- Developed and conducted programs on finance, personal development, and academic performance
- Managed administrative duties: budgeting, maintenance requests, incident reports, and room transfers
- Held floor meetings to notify residents of upcoming events/opportunities on campus
