Summary

Software Engineer with 5+ years experience in building scalable full-stack applications, optimizing backend/database processes, and designing scalable automated CI/CD workflows.

Work Experience

M&T Bank | Buffalo, NY

Senior Software Engineer

Jul 2026 - present

- Engineered and automated robust ETL solutions using GitLab CI/CD pipelines, JFrog Artifactory, and Docker images to streamline centralized Microsoft SQL Server Integration Services (SSIS) deployments

Software Engineer

Jul 2024 - Jul 2026

- Configured and deployed Automic job schedulers to automate batch processes, fully eliminating manual job execution and reducing operational errors
- Developed 3 full-stack features for an internal banking tool using Angular and .NET, allowing bank staff to manage beneficiaries, manage stop payments, and view wire transfers
- Optimized large-scale SQL databases by implementing indexes, partitioning, and data retention windows, decreasing query execution time by 90%

Technology Development Program Engineer

Jul 2022 - Jul 2024

- Built responsive front-end user interfaces for an internal auditing application using Angular, while supporting .NET backend microservices to deliver cohesive, full-stack features
- Integrated PowerBI reporting dashboards with SQL Server databases to create automated metric-tracking systems for internal banking services, providing actionable insights on internal customer servicing metrics

Distributed Robotics and Networked Embedded Systems Lab | Buffalo, NY

Software Intern

May 2021 - Aug 2021

- Contributed to the development of a Distributed, modular, Visual SLAM system for advanced navigation
- Implemented visualization actors to process coordinate positions of standalone robots

Skills

Languages: JavaScript, Typescript, Python, C#, SQL, YAML

Technologies: Angular, SQL Server, SSIS, .NET Framework, ASP.NET, Docker, Automic, Artifactory, GitLab, Power BI, Jira, Confluence

Education

University at Buffalo, The State University of New York

Aug 2018 - May 2022

Bachelor of Science in Computer Science

GPA: 3.76 | Summa Cum Laude
